**FOCUSTRACK: KNOCK YOU DOWN**

**RELEASE: FRIDAY 26 FEBRUARY 2021**

Rani is the voice of Sam Feldt's 2019 global smash hit Post Malone and now 20-year-old Dutch artist RANI is making her mark as a solo artist. On Friday 26th February 2021, she will release her solo sophomore 'EP9'. The three-track EP is a numerologic and thematic release and the second in a series that follows by 'EP3' and will be followed by 'EP6' in the coming months. The main theme on 'EP9' is 'growth' and the first single 'Knock You Down' is a clear statement.

*"EP9 covers some lessons I've learned growing up. It's about growing, healing, getting to know yourself better and turning situations in which you maybe felt hurt into something positive. You are a beautiful work in progress."*
